Lieutenant General James A. Williams, U.S. Army
Director, Defense Intelligence Agency
Washington, D.C. 20301

Dear Jim:

Senator Goldwater in a letter to the DCI has registered the concern of the Senate Select Committee on Intelligence regarding the continued cost growth of the U-2R/TR-1 airframe. He has asked that a written report be prepared fully explaining the nature and causes of this cost growth and its impact on the U-2R program. I would appreciate your asking the Air Force to prepare the report and forward it to my staff by 17 November 1982. My point of contact is [redacted] Office of Program and Budget Coordination, telephone 376-5568. [redacted]
